#### **Save the Date: BPA Utility Round Tables -**

The recent Efficiency Exchange offered an excellent opportunity to interact in person, but smaller regional gatherings provide a unique chance to discuss more localized issues. To help bolster this effort BPA is organizing a series of regional utility round tables to be conducted in the later summer and early fall in five different Northwest regions. Each meeting will feature informative presentations and provide an open forum for discussions on program development.

Specific agendas and schedules for these round tables are still being finalized: you can expect more details to follow. If you have questions about these meetings or suggestions for content, please contact your Energy Efficiency Representative (EER)....[More](#)

## Reminders

### **October 2016 Implementation Manual (IM) to be published on August 22 -**

In the IM update effective April 1, 2016, BPA indicated we would be publishing the next annual IM on August 15. Due to minor delay in finalizing that document we will need to push back the release of the October IM and the associated UES measure list by a week. The October 2016 IM and updated measure list will now be published on August 22.
